

SOTTILE SISTEMA

Davide Groppi / 2023

A minimally elegant sign of light becomes even more versatile.

From today, SOTTILE is also available in 800 mm and 1100 mm lengths.

A new connection system joins several modules with the same lighting point,
freely positioning them to create ever-different configurations.

Lines that meet, bend, trace light, changing shapes and adapting precisely to the space.

Light that follows the architecture, amplifying its depths.

Un segno di luce, minimo ed elegante, che diventa ancora più versatile.

Da oggi, SOTTILE è disponibile anche nelle lunghezze da 800 mm e 1100 mm.

Un nuovo sistema di connessione permette di unire più moduli con lo stesso punto luce
e di orientarli liberamente, creando configurazioni sempre diverse.

Linee che si incontrano, si piegano, tracciano geometrie leggere e mutevoli, adattandosi
allo spazio con precisione. Luce che segue l'architettura e ne amplifica la profondità.

SOTTILE SISTEMA
