

A luminous short film.

Telling a story in light, a series of old 35MM slides are lit from behind,
pulsating and shown at random.

The photographs can be assembled and replaced as you like.

The choice of the message to be communicated is completely personal:
it can be an image, a logo, a sentence, anything you want to represent, at any time.

The light message is punctuated by a blinking LED, offering reading in movement.
