

MAGIA

Michele Groppi / 2023

Light and transparency are the true stars of this project. We have always liked to think heretically, evoking mystery, magic and seduction. Magia is the new modular suspension lighting system for indirect light that can be adapted to suit different heights of the rooms.

In this case, the lens is not used to focus, but to modify the vision and perception of the object. The effect of the convex lens conceals the part of the light beam and produces the lightest effect of suspension and inconsistency. Luminaire designed also to be powered by ENDLESS conductive tape.

Suspension / Direct-Indirect / Indoor

Material Metal - PMMA
Finish .19 Polished Gold .28 Polished Black Chrome

Note Modular suspension luminaire. Adjustable along the horizontal axis. Transparent bar with refractive effect. LED module profile with matt black finish. Details with polished gold or black chrome finish. Matt white rose. Possibility for the luminaire to be powered by ENDLESS conductive tape and by dedicated voltage/current (Max 48V DC - Max 150W - Max 4A).
