ORIGINE

ORIGINE, du latin « origo », début, naissance, source.
Elle évoque une pousse qui sort de la terre et s'élance vers le ciel,
la tige qui devient de plus en plus fine.

ORIGINE raconte la poussée éternelle de l'homme face à
l'univers, une lumière tendant à explorer l'infini.
Mystérieuse, énigmatique mais confortable, elle allie la
fascination de l'inconnu et le plaisir d'une lumière d'ambiance
sophistiquée et élégante.

Conçue pour éclairer avec pureté et personnalité les façades de
bâtiments privés (version outdoor) mais aussi les espaces
intérieurs (version indoor), ORIGINE sculpte et met chaque
espace en valeur grâce à sa lumière indirecte, intentionnellement
non-invasive, graphique et fascinante.

ORIGINE

Design by Davide Groppi and Giorgio Rava, 2020

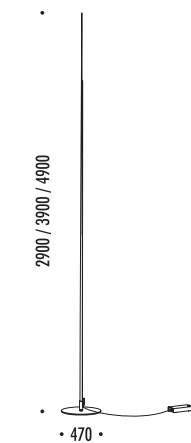

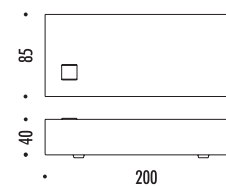

ORIGINE, from the Latin "origo", start, birth, source.
It appears like a bud emerging from the ground and soaring
upwards towards the sky, a stem that becomes increasingly
thinner.

ORIGINE tells the story of the man's eternal thrust with respect to
the universe, a stretched-out light that explores the infinite.
Mysterious, enigmatic but comfortable, it combines the
fascination of the unknown with the pleasure of a sophisticated
and elegant ambient light.

Designed to illuminate the façades of private buildings (outdoor
version) as well as internal spaces (indoor version) with purity and
personality, ORIGINE sculpts and enhances every environment
with its indirect light, which is intentionally non-invasive, graphic
and fascinating.
